

Pathways School Gurgaon
PYP 3
Thursday Prep

Learning objective: To enhance reading skills and strengthen vocabulary understanding.

Task: Read the passage and answer the questions below.

Passage 1 - The Great Barrier Reef is one of the world's most beautiful natural wonders. It is made up of thousands of tiny coral animals that live together in warm ocean waters. Many people visit the reef to learn about marine life and to see colourful fish swimming among the corals. In recent years, scientists have been working on different strategies to protect the reef from damage.

Which word in the passage means "living things found in the ocean"? A. corals B. marine life C. animals D. visitors	Fill in the blank: Many people visit the Great Barrier Reef to learn about _____ living in the ocean. A. plants B. marine life C. mountains D. birds	What can be inferred about the Great Barrier Reef from the passage? A. It is made of rocks that change colour in winter. B. Scientists are trying different methods to keep it safe. C. Visitors damage the reef every time they visit. D. The reef does not have any animals living in it.
---	--	---

Passage 2 - Mount Everest is the highest mountain in the world, reaching a height of 8,848 metres. Climbers from all over the world attempt to reach its peak every year, despite the extreme weather and dangerous conditions. Scientists continue to study Everest to understand how life can exist in such harsh environments.

Which word in the passage means "able to live or function in difficult conditions"? A. climbers B. adapted C. unique D. extreme	Fill in the blank: Scientists study Everest to understand how _____ can survive in cold temperatures. A. people B. life C. tourists D. snow	What can be inferred about Mount Everest from the passage? A. Only experienced climbers can reach its peak because of the dangerous conditions. B. The mountain has no plants or animals because of the cold. C. Scientists have stopped studying Everest because it is too difficult to reach. D. Tourists can easily climb Everest.
